

**Message From the Chairman (UNI Board of Directors)**

To: All Dear members of UNI Family.

This is a Special day for all of us as we commemorate the 60th year of UNI. Congratulations to each one of you for helping this glorious organisation achieve this grand milestone.

While the world is yet in the midst of an unprecedented global health crisis, this is not the time for any celebrations. However, it is an opportune moment for us to reflect on the past, and more importantly, to focus on UNI's future.

The rich legacy of UNI is the fruit borne by 60 years of collective efforts of generations of UNI's employees. For this and more, I extend my heartfelt gratitude to all the present and retired Staff of UNI and their families who have stood by the organisation even through adverse circumstances and displayed remarkable commitment.

I believe that a mindset of resilience, reflection and resolve is key to bounce back from challenges. After all, failure is not fatal, it's 'inevitable' but so is success.

Today we are at crossroads and have little option but to make the right choices. With a burning passion in our hearts, let us introspect, overcome organizational challenges, and align decision-making principles to achieve focused growth and change our world. This is well within our abilities.

It is highly motivating and encouraging to witness the positive and landmark changes that you have enabled in recent days.

Please join me to usher in this New Era of UNI.  
It is time for us to create history.

All the best!
